

iOS DEVELOPER (m/f/d)

Graz, Austria | 25 – 38.5h

JOB DESCRIPTION

- Developing, extending and maintaining state of the art iOS applications
- Optimizing user experience according to UI/UX best practices
- Collaborating with a motivated team across all areas (iOS, Android, Web, Backend, Design, Support)
- Participating in design decisions and making architectural choices

QUALIFICATIONS

- Bachelor's degree (FH, TU) in computer science, a related field or equivalent skills
- Proficient with Swift, Cocoa Touch and good knowledge of the iOS ecosystem
- Experience using third-party libraries and consuming RESTful APIs
- Good sense of UI/UX design principles and understanding of Apple's interface guidelines
- Ability to write clean and maintainable code
- Proficient understanding of VCS (Git, SVN)
- Good verbal and written communication skills, both in English and German
- Curiosity to learn more about the latest technologies and best practices

WHAT APPMEA OFFERS

- Working in a remote-friendly company with flexible working hours
- Collaborating with a young, motivated team with lots of start-up spirit
- Self-responsible environment with room for personal and professional improvement
- Modern office with comfortable working places, kitchens, terrace, garden, parking slots and chill zone
- State of the art equipment which can also be used privately
- Other benefits like free beverages, fruits and occasional company events
- **Start: As soon as possible!**

The minimum monthly gross salary for this position (38.5h) under the terms of the IT collective agreement (ST1 – Entry level) amounts to € 2.393,-. Overpayment is obligatory (> € 3.000,-).

The actual amount depends on your qualification and experience.

We are very much looking forward to hearing from you.
