

Join our team as an

UX / UI Designer (f/m/d)

AT OUR COMPANY SITE in Friesach or Graz

The **SSI Schaefer Group** is the world's leading solutions provider of modular warehouse and logistics systems, employing a workforce of over 10,500 people at its international subsidiaries and production sites.

The IT powerhouse of the group, **SSI Schaefer IT Solutions**, is the ideal partner for analyzing, visualizing and optimizing your intralogistics processes.

With over **1,100 software experts**, we develop customer-oriented, individually tailored intralogistics solutions.

YOUR RESPONSIBILITIES

As an allrounder you will be performing design tasks, supervising our software products in terms of usability engineering and give our digital products a unique and distinctive face.

Your tasks will include:

- the design of wireframes and storyboards
- the creation of mockups and prototypes
- the maintenance and further development of the user interfaces of our software products in collaboration with our software development teams at our different sites
- the support of our developers by creating design and style guides

YOUR BENEFITS

In addition to a wide variety of engaging tasks, we also offer our employees the following benefits:

- | | |
|---|--|
|  Family-owned company |  Comprehensive healthcare package |
|  Job security |  Lunch allowance |
|  Healthy growth |  Flexible working hours |
|  High level of creative freedom |  Funded training |
|  Staff discounts |  Buddy system |
|  Numerous staff events |  Free parking |

The minimum salary for this position according to the Collective Agreement is € 3,094.-- for 38.5 hours/week. However, we offer a competitive salary depending on relevant professional experience and qualifications.

YOUR SKILLS

- Degree in information, interface or interaction design or the like
- Multiple years of professional experience in UX/UI
- Good knowledge of the programs Adobe Creative Cloud and/or other graphic design tools
- Know-how in visual and graphic design as well as usability engineering
- Understanding of industrial processes and their implementation in software products
- Independent and structured approach to work as well as out of the box thinking
- Good command of German and English
