

Job: Software Developer (d/w/m)

We are looking for a computer science student and/or HTL graduate!

What we offer

- Klimaticket (free public transport within Austria)
- Flexible working hours
 - part-time / contractor
 - your main job is your studies and that is great
 - no problem if you need time-off for exams, we have been there.
- Salary
 - 38k€ gross / year full-time for beginners
 - 75k€ gross / year full-time for experts
- Work from home office / remote / anywhere

Technologies we usually work with

We don't expect you to know about all of them of course. It is also fine if you know about other technologies not listed here.

- Java (≥ 11), Golang (≥ 1.18), C++ (≥ 11)
- Svelte
 - Angular, Vue or React are also fine
- Databases
 - SQL (Postgres, MySQL, Oracle)
 - NoSQL like BoltDB or MongoDB
- Infrastructure as Code
 - Ansible
 - Terraform
 - Docker/k8s

If that sounds interesting, please contact us via jobs@spiessknafl.at

If you have a CV at hand we are looking forward to read it, otherwise feel free to just drop a mail with your contact information and availability, we will get in touch within a five days.
